

Indoor Clubs who have all staff TPA Certified (as of May 1, 2008)

The TPA would like to recognize all the indoor clubs across Canada that employ only active certified coaches as part of their professional staff. By hiring only active certified coaches, these clubs ensure that their coaches are well trained and up-to-date on the latest in the coaching/teaching profession. It also ensures that professionals and coaches carry liability insurance.

Congratulations to the following clubs:
