

DEVELOPMENT PRINCIPLES FOR A SUCCESSFUL ROG PROGRAM IN YOUR FACILITY

See some of the 'best practices' of Red/Orange/Green (ROG) programs from around the world. Learn what elements are the core of these programs and how all the pieces fit together to create ROG programs that have increased retention, thrive financially and inspire players to play more and improve faster.

This webinar is targeted to program leaders but is relevant for any coach dealing with ROG. This is an opportune time to start to vision your Fall programs that could be part of a post-Covid reality
